Subject: Bill # 1129

Under our current system, violent felons who have been released early from prison have gone on to commit terrible crimes, including brutal murders.

I am asking you to vote in favor of Senate Bill 1129. This bill will add manslaughter, sexual offenders and dangerous felons, those who commit aggravated sexual assault of a minor and those who assault a pregnant woman resulting in the loss of a fetus to those persons who cannot be considered for early release.

While I understand our prisons may be overcrowded, the above named populations of criminals must not be allowed out any earlier than their sentence allows.

Respectfully,

Laurie Reisman
